

#morethanmarriage

What? Why?

Freedom to marry is important. Many people, including transgender people, are impacted by the legal recognition of our relationships and families. And, our community needs more than marriage to survive.

#morethanmarriage is a community-based campaign to shed light on those issues beyond marriage equality that impact and are important to transgender, lesbian, gay, bisexual and queer people.

Throughout the campaign Transgender Law Center will amplify the voices of our community to help broaden the movement's agenda, inspire continued support of critical issues impacting our diverse communities – including marriage equality – and continue progress around other priorities like immigration, bullying, HIV/AIDS, health care access, family rights, economic justice and more...

You can help!

Your photo with this sign

will be shared on our blog and social media channels.

#morethanmarriage engagement:

- Follow **#morethanmarriage**, like us on Facebook, and retweet and repost our content as you feel inspired
- Take a photo of yourself or a friend with our **#morethanmarriage** speech bubble and share it in your and our social media channels
- Make a gift to your favorite **#morethanmarriage** social justice organization or project
